HOW FORT SAN CARLOS PELL German Gunners Loaded Shette with Limburger Cheese.

In Fort San Carlos the Venezuelan garrison was pluckily withstanding the steady fire from the German warships. Shell after shell had exploded around them, men wounded or dead lay here and there, yet manfully they stuck to their guns and knew no fear, according to a writer in the New York Times. ## FORTUNES FOR PHOTOGRAPHERS

\*\*\*\*\*\*\*\*\*\*\*\*\*\*\*\*

More than \$1,500,000 is expended for photographs every year in New York city. Upward of 400 photographers reap this harvest, ranging from the Bowery tintype man to the ultra-fashionable artist with a studio on Fifth avenue.

Be it raining or shining, in war or in the piping times of peace, thousands seek the skylight galleries every day with the fell intention of being prizes of some sort. A few are very Kidney Pills. ages of the good times, but their clientele, the wealthy folk, who spend from \$1,000 to \$2,000 a year regularly for photographs, do not vary much in their orders whether the times be good or bad. It is the average business man and wage-earner, and more especially their families, who swell the photograph man's wallet these days, and thousands of such families spend from \$50 to \$100 a year.

Next to theatrical people, society folk get their pictures taken oftenest. Actors and actresses, so photographers say, are by no means the best of their patrons, and some of the studios decline their trade altogether, the principal reason being that they are bad pay. A member of one prominent firm sald it was found inexpedient to deal with theatrical people and their regular patrons; it was like trying to mix this country, oil with water, since the requirements of the theatrical photograph in accessories and back-ground differ widely from ordinary phases of the art. Not a few fashionable women, however, like their pictures in the style and

similitude of actresses.

ATTRACTISC CREAT ATTRATION AMONG THIRLING WOMES.

Mrs. Frances Stafford, of 243 B. 114th St., N.Y. City, adds her testimony to the hundreds of thousands on Mrs. Pinkham's files.

When Lydia E. Pinkham's Remedies were first introduced skeptics all over the country frowned upon their curative claims, but as year after year has rolled by and the little group of women who had been cured by the new discovery has since grown into a vast army of hundreds of thousands, doubts and skepticisms have been swept away as by a mighty flood, until to-day the great good that Lydia E. Pinkham's Vegetable Compound and her other medicines are doing among the women of America is attracting the attention of many of our leading scientists, physicians

and thinking people.

Merit alone could win such fame; wise, therefore, is the woman who for a cure relies upon Lydia E. Pinkham's Vegetable Compound.

Gentlemen: This is to certify that I have used Liquid Koal for ergot disease in cattle and believe it to be a cure for this disease from the experiments I have made, but believe it ought to be used when the animal is first taken with the disease. And for a lice killer it can't be beat by anything I know of. Yours respectfully.

Dear ir: I am a user of Liquid Koal and am well pleased with it. I would not try to do without it as I find it useful in a great many ways. I have had no sick hogs since I commenced using it a year ago. In my opinion it is the best and cheapest hog cholera preventative on the market today. You can use this as you wish. Anyone wishing to know more about this please write me.

To Whom It May Concern:
This is to certify that I have bought the third lot of Liquid Koal from the Nationa Medical Co., and think it the bestgerm de stroyer, appetizer and disinfectant that have ever used. I have had occasion to us it on two different horses this summer fovery severe wounds, and found it the best and cheapest remedy I ever tried; would not be without it on my place.

W. B. FRANCIS.

I have used your L. K., and think it is a good preventive and disinfectant. I used it as a nedicine for all kinds of stock and chickens. I had two cows that were sick and would not cat and I used L. K. and it helped them. I also used it as a hog cholera versative, and think it is all right
